

What is mTime Network?

A Blockchain powered ecosystem that rewards Fans and Fanatics to monetize their time spent on participating in Live Peer to Peer Gaming on Blockchain

The mTIME Network offers a flexible plug and play rewarding economy that incentivizes user who engages with new and established platforms featuring Gaming Currencies, Levels, Time Loops, XP (Experience), membership, etc.

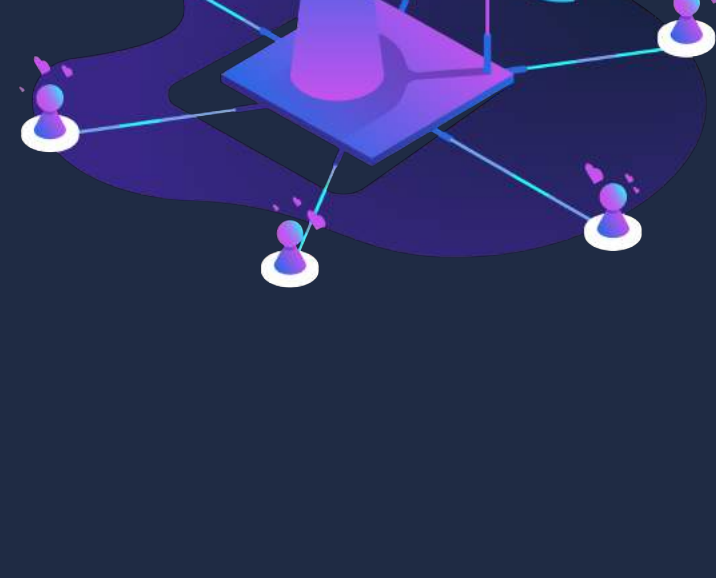

The mTIME Network's Ambition

Our aim is to support the adoption of mTIME network to serve varied genres of complex peer to peer gaming via smart contracts. For us, the Smart Contracts are a perfect vehicle for executing decentralized & peer to peer 'promises' that serve a dual purpose of: Binding agreements and abiding time ledger of transactions enabling mTime users to participate and utilize mTime for their gaming needs and incentivize them to utilize mTime in exchange for various services and instantly gratifying goods.

Who is mTime for?

Fans

- Follows and Watches live events for entertainment needs and emotional value that dissipates over time
- Likes to play games on various platforms such as mobile apps, social media, and gaming sites
- But these Fans never get anything tangible in return for all that time spent

Fanatics

- Fanatics are gamers at heart
- They like to predict outcomes by challenging their peers for an ongoing event.
- Fanatics tend to master a game to Level up or earn XPs or Game Currency faster than the average players
- And Fanatics never get anything tangible in return for the time spent on all of the above either

Platforms

- Upcoming and Existing platforms utilizing the token for various business services and redemptions in exchange for goods
- Want to disrupt the market with a Blockchain powered Rewarding Economy that incentivizes Fans and Fanatics for engaging with the platform
- Business Genres include and not limited to:
